SECTION 3: PROPOSALS FOR THE 11 HOUSING MARKET CHARACTERISTIC AREAS

7. OUTER NORTH WEST

- 3.7. The area extends from the north western boundary of the main urban area of Leeds out towards Otley in the outer north west. The boundary of Harrogate District Council lies to the north beyond the River Wharfe and Bradford Borough Council lies to the west. The Outer North West area is a predominantly rural area characterised by the main settlement of Otley together with the large villages of Bramhope and Pool-in-Wharfedale and a number of smaller villages and hamlets. The majority of the area lies within Green Belt and the open countryside is an important feature of the area, in particular Otley Chevin overlooking the Wharfe Valley to the north. The Chevin is a local attraction for visitors and walkers together with Golden Acre Park and the riverside in Otley. Otley Town Centre is a market town providing the focus for local shopping within the area and further afield.

Transport links into Leeds City Centre are provided by the A660 which continues towards Burley and Wharfedale, Ilkley and the Yorkshire Dales connecting with the A65. The A658 from Guiseley via Pool Bank connects the area to Harrogate and the A1. Public transport into Leeds is provided by buses from Otley bus station with the limited stop X84 service, while other users travel from Menston railway station to the west of Otley. Overall, the socio-economic profile shows that of working households in Outer North West Leeds 23% earn less than £20000 p.a. whilst 24% earn £50,000 or more. In terms of unemployment, there was an unemployment rate of 1% in 2014 (claimants of working population). A number of Neighbourhood Plans are also being prepared within this area.

RETAIL PROPOSALS FOR OUTER NORTH WEST:

- 3.7.1 The main retail centre within Outer North West is the Town Centre of Otley. In addition the area includes the Local Centre of Alwoodley King Lane. The full list of centres within the Outer North West area is:
- Alwoodley King Lane
 - Otley
- 3.7.2 For each centre a review of the centre boundary and survey of current uses has been undertaken. The Council is not allocating sites for retail in these centres but has made boundary changes which may provide scope to accommodate additional retailing. The survey of uses has been used to determine the Primary Shopping Area and frontages (primary and secondary).
- 3.7.3 For policies and guidance referring to centre boundaries, Primary Shopping Areas and proposals within protected shopping frontages, please refer to Section 2 of this document. These policies must also be read in conjunction with the Retail and Town Centres section of the Core Strategy.

HOUSING PROPOSALS FOR OUTER NORTH WEST

3.7.4 See Section 2, paragraphs 2.26 – 2.72 for the Housing overview which explains the context for the housing allocations in this area.

3.7.5 **Total housing target for Outer North West** (set out in the Core Strategy) = 956 units (3% of District wide total).

3.7.6 **Total number of dwellings/capacity to be allocated:**

A further 54 dwellings have been approved on large windfall sites, which provides a total of 1,165 dwellings. Previous UDP allocations not developed (saved UDP sites) are listed in Policy HG1 below, where applicable. Identified sites with planning permission or expired permission are listed in Annex 1. These three categories of identified sites count towards the overall target. UDP sites are shown on the Policies Map.

Some planning requirements apply equally to all sites and so are not detailed for each site specifically. GREEN SPACE PROPOSALS FOR OUTER NORTH WEST

- 3.7.18 The Plan shows the green space sites proposed for designation within the Outer North West HMCA. These are predominantly existing UDP green space sites (some updated and modified to reflect the current situation) and additional sites identified through the Open Space, Sport and Recreation Assessment (OSSRA July 2011) . Existing green space located within housing or employment allocations is not identified for designation however green space provision within any housing proposal will be addressed through the planning application process and the application of Policy G4 (New Green Space Provision) of the Core Strategy. The provision of green space is also a site requirement in some cases in the housing section. Any UDP green space sites that are not shown are proposed for deletion mainly because they are no longer in an open space use or are below the 0.2ha threshold.
- 3.7.19 The largest area of green space within the Outer North West HMCA is Otley Chevin Country Park (175.15ha) which is an important and well used area for recreation and has been protected as open green space for many years in recognition of its value. Golden Acre Park (42ha), near Bramhope is one of the main formal parks in Leeds and provides a range of opportunities for informal recreation. It is adjacent to Breary Marsh (14.9ha) which provides access to natural woodland, marshland habitats and Paul's Pond. There are a number of smaller areas mainly concentrated in the built up settlements of Otley, Bramhope, Pool in Wharfedale and Arthington. These allow relatively easy access to a range of open spaces. Nevertheless, provision is still in need of improvement in terms of quantity, quality and accessibility. Surpluses and deficiencies by typology for the wards that fall completely or partially within the Outer North West HMCA will be updated and monitored by the Council.
- 3.7.20 The Habitats Regulations Assessment has concluded that measures will be required regarding the provision and enhancement of green spaces within the HMCA so as to help avoid visitor pressure on the South Pennine Moors SPA/SAC. The Council will monitor these through monitoring indicator 24 of the Council's Monitoring Framework which supports preparation of the Authority Monitoring Report. This will quantify the delivery of green space and green infrastructure delivered in the area along with the amount of commuted sums collected and spent on green space projects. Moreover, for the purposes of monitoring this measure the AMR will also report on specific improvements to green spaces in this HMCA, which arise as a result of the North West Leeds Green Gateways and Country Park project.
