# Site Allocations Plan

## Section 3: Area Proposals: 11. Outer West

**Publication Draft**

**Leeds Local Development Framework**

**Development Plan Document**

**September 2015**

# **SECTION 3: PROPOSALS FOR THE 11 AREAS THAT COVER LEEDS**

## **11. OUTER WEST**

3.11. The Outer West HMCA area is characterised by the communities of Pudsey, Farsley, Bramley, Stanningley, Armley, Farnley, and Wortley which form part of the Main Urban Area of Leeds. There are three smaller settlements, Calverley, New Farnley and Tyersal located beyond the main urban area and surrounded by Green Belt. The Green Belt acts as a buffer to coalescence with the neighbouring authority of Bradford Metropolitan District Council. The Leeds Bradford Corridor runs along the A647 between the two cities. Various transport and environmental improvements have been carried out and are planned to improve the Corridor both for commuters and residents of the area. This area is included, in part, within the West Leeds Gateway Supplementary Planning Document. This is an identified regeneration area in the Core Strategy and is made up of the communities of Wortley and Armley. The key aims of the WLGSPD are to tackle environmental, economic and social issues in an integrated way.

West Leeds Country Park and Green Gateways runs through Outer West HMCA from New Farnley up to Calverley and then back down into Leeds through the North HMCA. The park links countryside and urban green space to create accessible green routes through the area. It is an important asset which makes positive use of natural environment on offer from the Green Belt and the River Aire corridor.

Overall, the socio-economic profile shows that of working households in Outer West Leeds 35% earn less than £20,000 p.a. whilst 7% earn £50,000 or more. In terms of unemployment, there was an unemployment rate of 3% in 2014 (claimants of working population). There are currently no designated neighbourhood plan areas in Outer West.

## **RETAIL PROPOSALS FOR OUTER WEST**

3.11.1 The main retail centres within Outer West are the town centres of Bramley, Farsley and Pudsey, which are supported by three local centres. The six designated centres within the Outer West area are:

- Bramley Town Centre
- Chapeltown Road (Pudsey) Local Centre
- Farsley Town Centre
- Lower Wortley Local Centre
- Pudsey Town Centre
- Stanningley Bottom Local Centre

3.11.2 For each centre a review of the centre boundary and survey of current uses has been undertaken. The Council is not allocating sites for retail in these centres but has made boundary changes which may provide scope to accommodate additional retailing. The survey of uses has been used to determine the primary shopping area and frontages (primary and secondary).

3.11.3 For policies and guidance referring centre boundaries, primary shopping areas and proposals within protected shopping frontages, please refer to section 2 of this document. These policies must also be read in conjunction with the Retail and Town Centres section of the Core Strategy.

## HOUSING PROPOSALS FOR OUTER WEST

3.11.4 See Section 2, paragraphs 2.26 – 2.71 for the Housing overview which explains the context for the housing allocations in this area.

3.11.5 **Total housing target for Outer West** (set out in the Core Strategy) = 4,700 units (7% of District wide total)

### **Total number of dwellings/capacity to be allocated:**

3.11.6 The target of 4,700 residential units does not mean that land for 4,700 new units is newly allocated for housing. From the overall total, existing allocations (previous UDP housing allocations not developed), planning permissions expired since 31.3.12 and planning permissions with units still remaining to be built between 31.3.12 (the base date of the plan) and 5.4.15 as well as recently expired permissions have been deducted. These sites are listed in Policy HG1 below and count towards the overall target. They are shown as identified housing sites on the plan.

**POLICY HG1 – IDENTIFIED HOUSING SITES**  
**THE SITE ALLOCATIONS PLAN IDENTIFIES SITES WHICH HAVE EXISTING OR RECENTLY EXPIRED PLANNING PERMISSION FOR HOUSING OR MIXED USE INCLUDING HOUSING, OR WERE PREVIOUSLY ALLOCATED FOR HOUSING IN THE UNITARY DEVELOPMENT PLAN, AS IDENTIFIED HOUSING SITES. IDENTIFIED HOUSING SITES CONTRIBUTE TO THE TARGETS FOR THE ELEVEN HOUSING MARKET CHARACTERISTIC AREAS SET OUT IN CORE STRATEGY SPATIAL POLICY 7 (SP7). THESE ARE SHOWN ON THE POLICIES MAP. ALL IDENTIFIED HOUSING SITES ARE IN PHASE 1 FOR RELEASE, IN ACCORDANCE WITH CORE STRATEGY POLICY H1. IN OUTER WEST THE SITES SHOWN AS IDENTIFIED HOUSING SITES ARE:**

\*No further flood risk assessment would be needed for this site provided the development is carried out in accordance with the permission. If the scheme is altered or reapplication made, a new Flood Risk Assessment (FRA) will be required.

3.11.7 Completions post 2012 plus sites under construction or not started can be deducted from the target (the sum of the last 3 columns in the table) to leave a residual for allocation for housing.

So, the residual target is 4,700 – 2535 = 2165 units

**POLICY HG2 – HOUSING ALLOCATIONS**  
**THE SITE ALLOCATIONS PLAN ALLOCATES SITES FOR HOUSING AND MIXED USE INCLUDING HOUSING, IN ACCORDANCE WITH CORE STRATEGY SPATIAL POLICY 7 (SP7). THESE ARE SHOWN ON THE POLICIES MAP. 3.11.8 Sites allocated for housing in Outer West have a total capacity of 2100 which is under the target by 65. Section 2, paragraph 2.29 explains the overall approach to achieving the targets for each HMCA. Paragraphs 2.36 – 2.39 explain the phasing of sites.

#### **Site Specific Requirements For Sites Allocated For Housing In Outer West**

3.11.9 The Site Allocations Plan housing allocations mean that should a planning application for housing be submitted to the council, it is acceptable in principle by virtue of it being allocated for that use in the Local Plan. However, each planning application is judged on its individual merits and where there are specific requirements that will need to be applied, these are listed against each site below. Some planning requirements apply equally to all sites and so are not detailed for each site specifically. See Section 2, paragraphs 2.43 – 2.54 for generic site requirements.

# Site Reference: HG2-53 (4097)

**Site Address:** Calverley Cutting / Leeds Liverpool Canal, Apperly Bridge

## Housing allocation

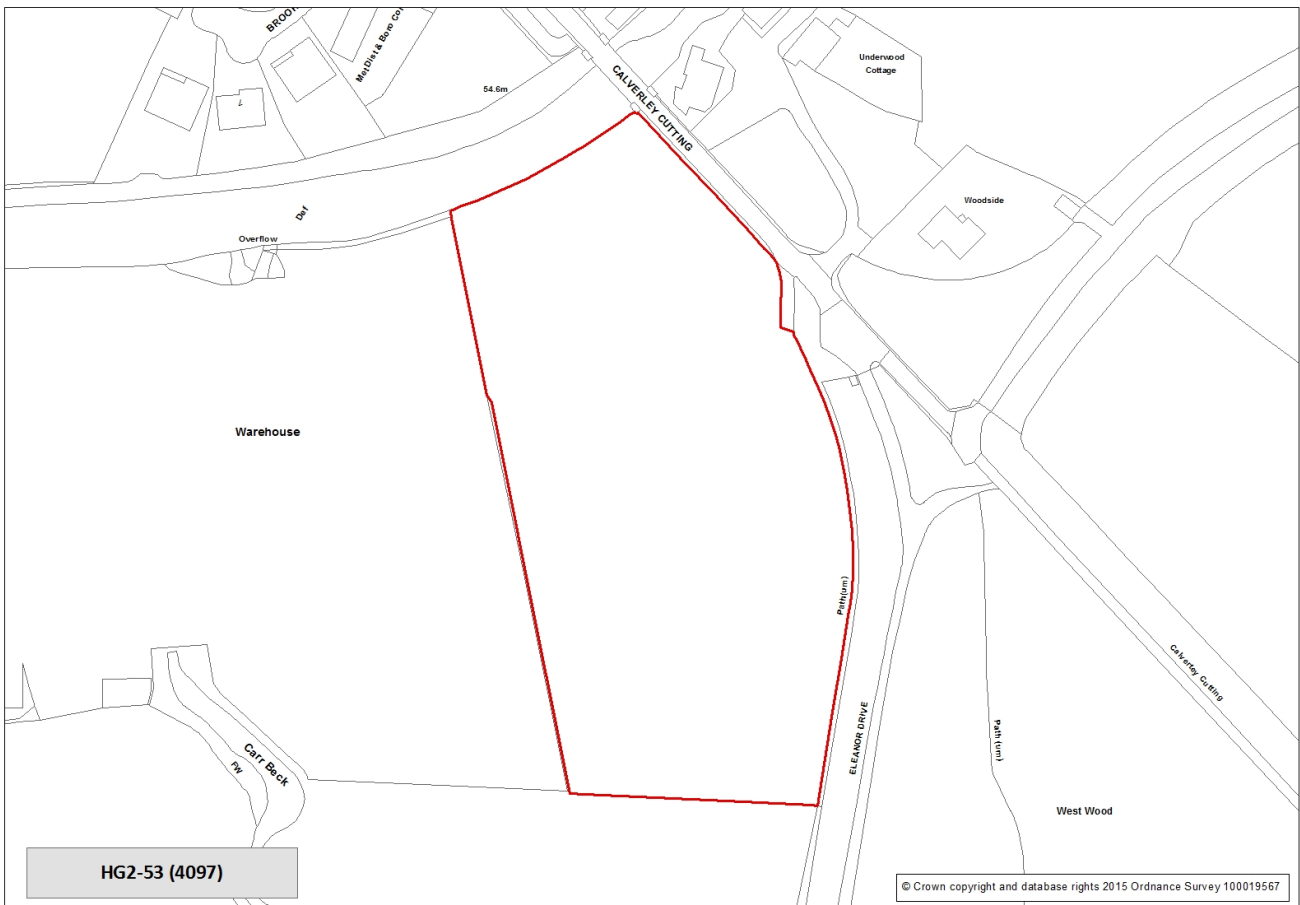

**Site Capacity:** 32 units

**Site Area:** 1.11 hectares

**Ward:** Calverley and Farsley

**HMCA:** Outer West

**Phase:** 1

## Site Requirements - HG2-53:

---

- **Highway Access to Site:**

Access to the site can only be gained through the former industrial site that abuts it to the west (site HG1-130).

- **Flood Risk:**

The site, or part of the site is located within Flood Zone 3. Flood risk mitigation measures set out in the Site Allocations Plan Flood Risk Exception Test and site specific flood risk assessment should be applied.

- **Ecology:**

Significant ecological impact identified on parts or all of the site. An Ecological Assessment of the site is required and where appropriate, mitigation measures will need to be provided including a biodiversity buffer (not private garden space) to the Leeds Liverpool Canal SEGI and to Calverley Woods ancient woodland.

- **Listed Buildings:**

The site is in the setting of a Listed Building. Any development should preserve the special architectural or historic interest of Listed Buildings and their setting.

- **Conservation Area:**

The site is within the setting of Calverley Conservation Area. Any development should preserve or enhance the character or appearance of the Conservation Area.

**HMCA:** Outer West

**Phase:** 3

## Site Requirements - HG2-55:

---

- **Highway Access to Site:**

To achieve a safe means of access, the speed limit and visibility splays need to be commensurate with guidance.

- **Listed Buildings:**

The site is in the setting of a Listed Building. Any development should preserve the special architectural or historic interest of Listed Buildings and their setting.

- **Conservation Area:**

The site is within the setting of Calverley Conservation Area. Any development should preserve or enhance the character or appearance of the Conservation Area.

- **Gas Pipelines:**

The site is affected by a gas pipeline. Detailed design layout should have regard to the building proximity distance required. Consult with Northern Gas Networks to see if any additional plant protection provisions are needed.

## Site Requirements - HG2-58:

---

- **Highway Access to Site:**

The site requires access via a permanent bridge crossing over the canal, replacing the existing swing bridge. The replacement bridge would be constructed to adoptable standards and offered to the Highway Authority for adoption.

- **Local Highway Network:**

The site should contribute to local towpath improvements.

- **Ecology:**

Significant ecological impact identified on parts or all of the site. An Ecological Assessment of the site is required and where appropriate, mitigation measures will need to be provided, including provision of a biodiversity buffer (not private garden space) to the eastern boundary with the River Aire.

## **GREENSPACE PROPOSALS FOR OUTER WEST**

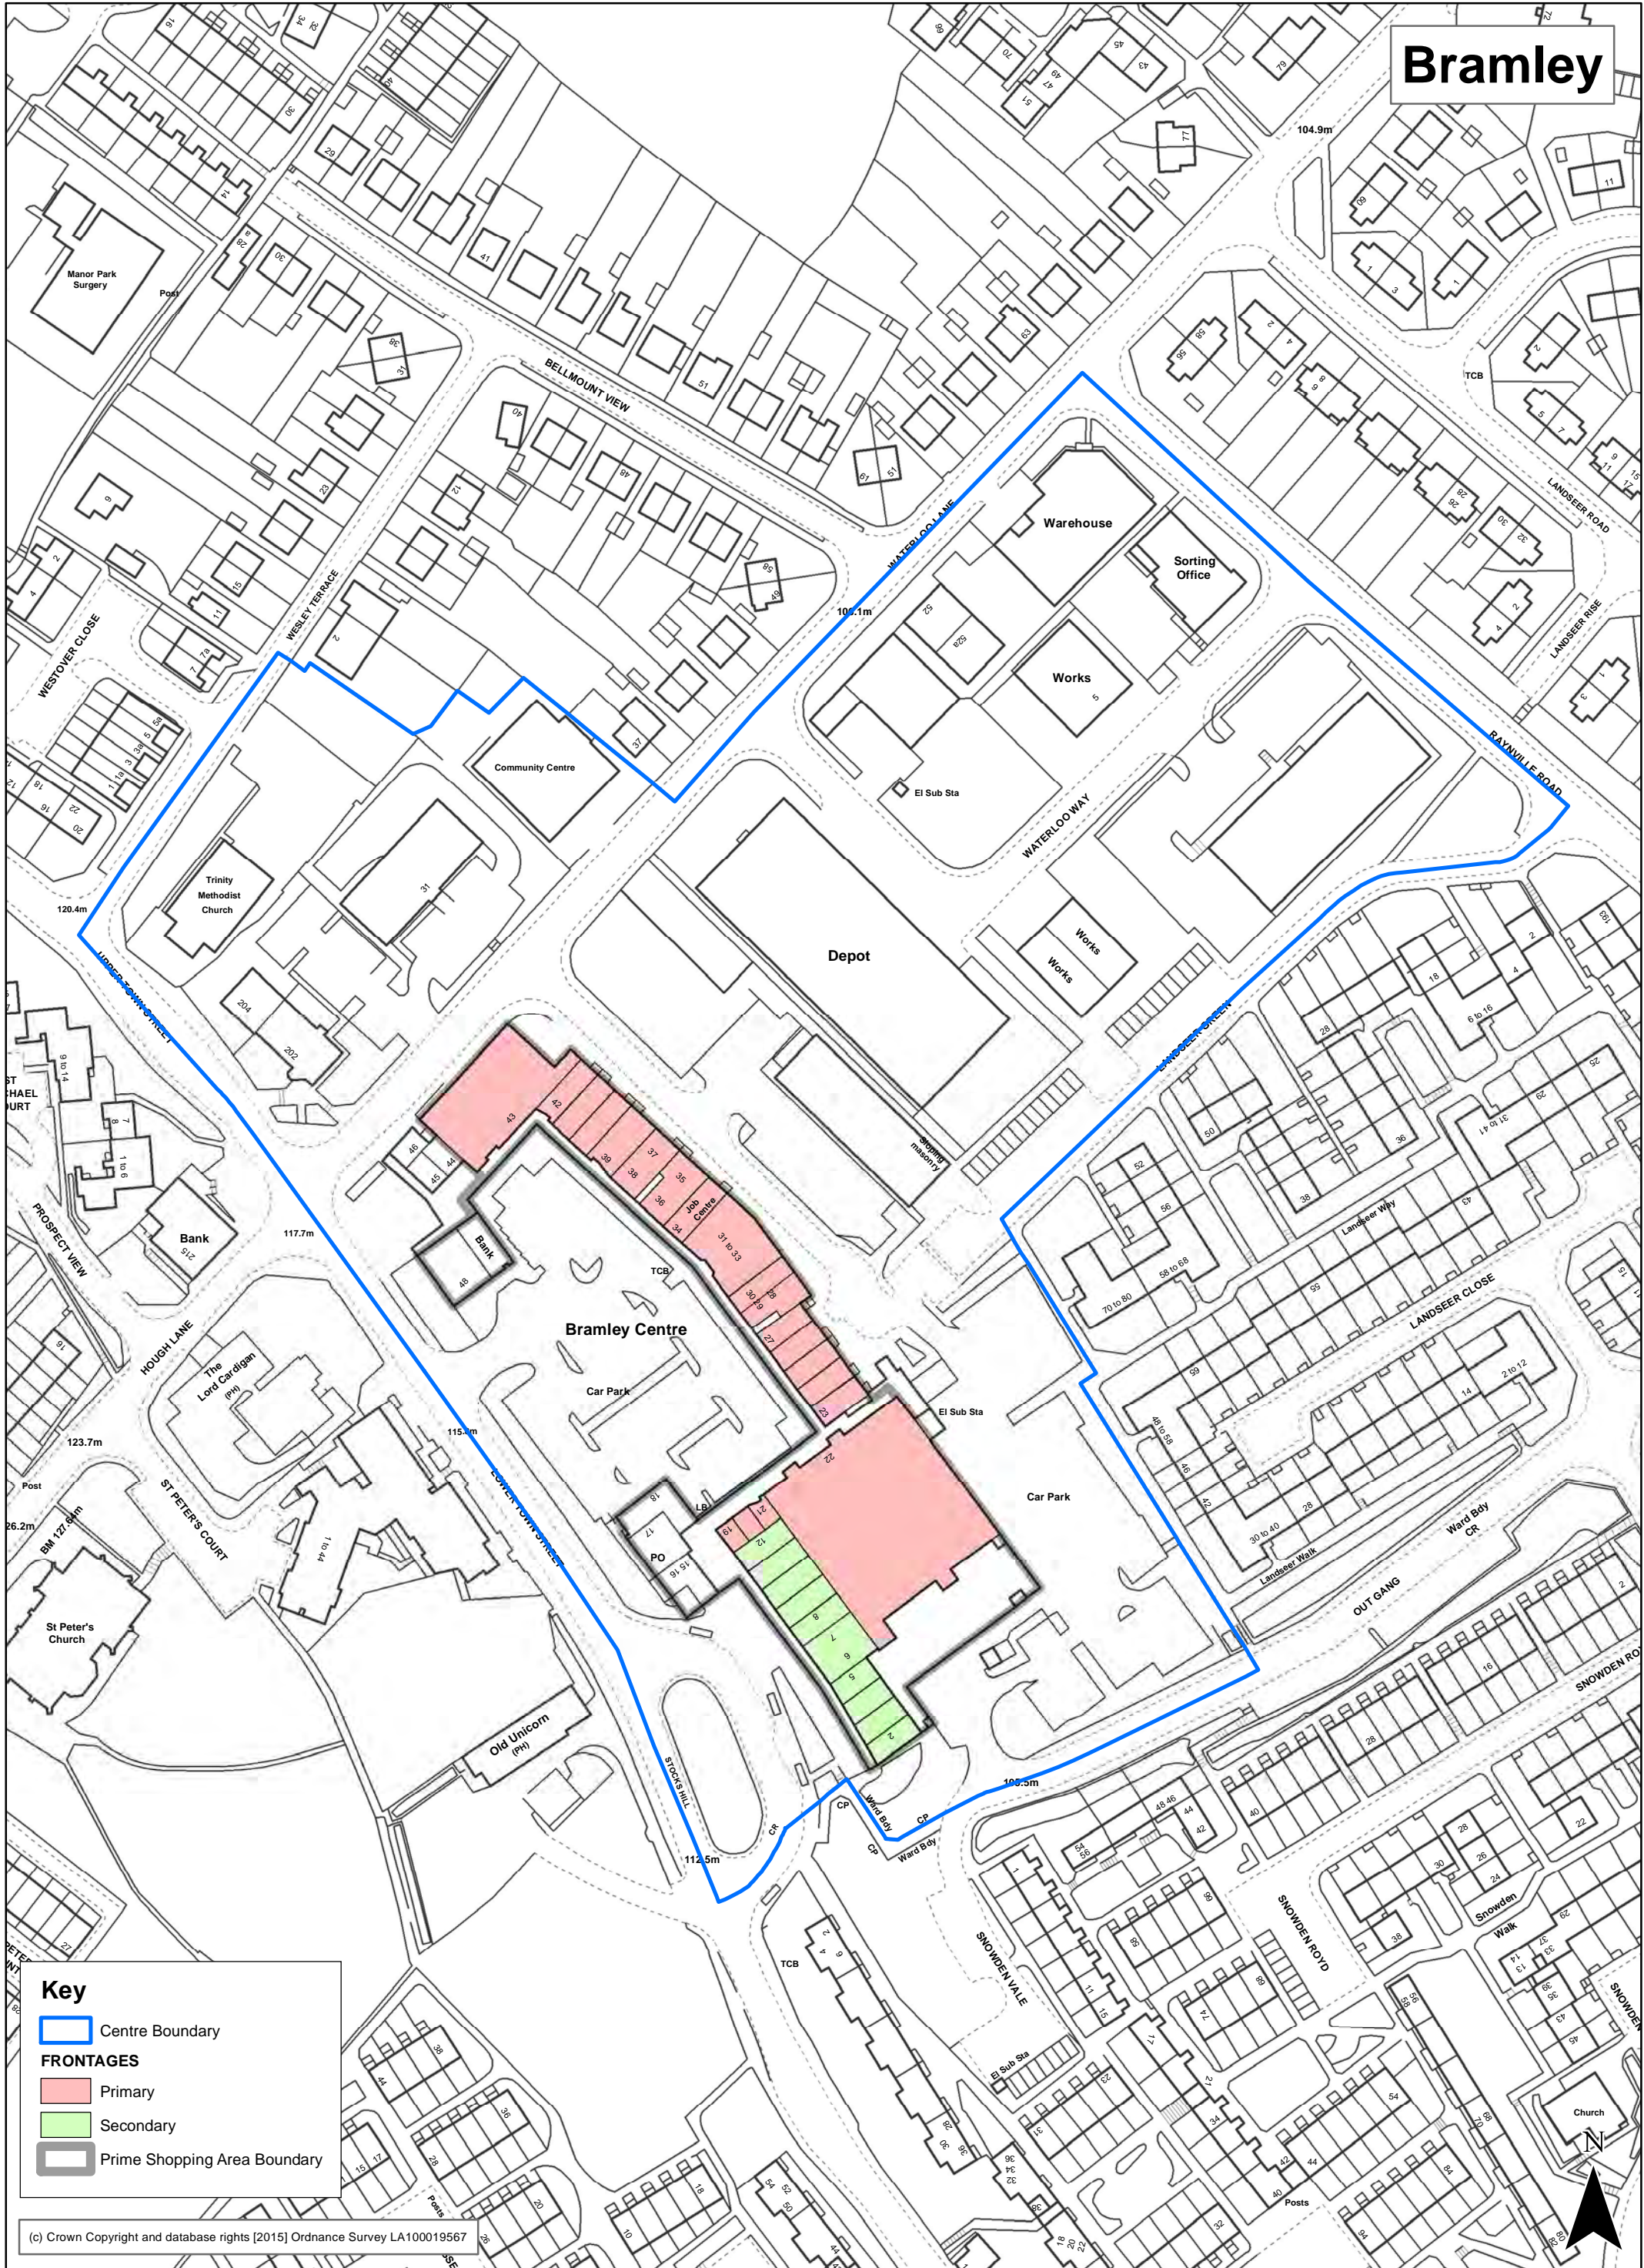

3.11.18 The plan shows the green space sites proposed for designation within the Outer West HMCA. These are predominantly existing UDP green space sites (some updated and modified to reflect the current situation) and additional sites identified through the Open Space, Sport and Recreation Assessment (OSSRA July 2011) . Existing green space located within housing or employment allocations is not identified for designation however green space provision within any housing proposal will be addressed through the planning application process and the application of Policy G4 (New Green Space Provision) of the Core Strategy. The provision of green space will also be a requirement in some site specific policies contained in the housing section of this chapter. Any UDP green space sites that are not shown are proposed for deletion mainly because they are no longer in an open space use or are below the 0.2ha threshold. They are listed in the Green Space Background Paper.

3.11.19 The Outer West area has a number of sizeable open spaces, such as, Gotts Park (35.5ha), Bramley Falls Park (34.5ha), Rodley Nature Reserve (26.9ha) Post Hill (35.6ha) as well as various smaller, more locally important parks e.g. Bramley Park (14.7ha), Stanningley Park (10.5ha), Farnley Hall Park (16.2ha), Western Flatts Park (12.8ha), Armley Park (8.9ha), Calverley Park (3.8ha) and Pudsey Park (3.3ha). There are also a number of smaller areas within the built up area, the majority of which have been protected open space for many years and allow residents of the area access to green space and opportunities for a range of recreational activities. Nevertheless, provision is still in need of improvement in terms of quantity, quality and accessibility. Revised surpluses and deficiencies by typology (undertaken in May 2015) for the Wards that fall completely or partially within the Outer West HMCA are contained in the Green Space Background Paper.
