

Appendix – Main Modifications

The modifications below are expressed either in the conventional form of ~~strikethrough~~ for deletions and underlining for additions of text. Tables are shown as being replaced.

The page numbers and paragraph (para) numbering below refer to the SAP, and do not take account of the deletion or addition of text.

Annex 1 contains the site schedule for MM20 (site EG2-37)

Ref	Page Policy/ Paragraph	Main Modifications
MM1	Page 10 Para 1.5	<p>Revise paragraph 1.5 as follows:</p> <p>“The evidence base of the Core Strategy is continually monitored, and as subsequent demographic projections are released it will be important to evaluate whether they have an impact on the full objectively assessed needs of the City. The Council’s emerging work on housing need, using up to date post census projections, identifies a lower housing requirement than that in the Adopted Core Strategy. This is being progressed in a Core Strategy Selective Review. In these circumstances, given that national policy attaches great importance to the Green Belt and only envisages altering boundaries in exceptional circumstances, significant release of land from the Green Belt is not justified upon Adoption of the Plan. However, there remains a need for limited release of Green Belt up to year 11 of the plan period (to 2023). To that end, t <u>The Core Strategy Selective Review updated the Core Strategy housing target by lowering it from 70,000 to 51,952. The</u> Site Allocations Plan aims to support the Core Strategy housing requirement. <u>Upon initial adoption of the SAP (2019) this</u> was up to year 11 of the plan (to 2023) beyond which a review of the Plan will be undertaken to bring it into line with the housing requirement within the Core Strategy Selective Review. However, to ensure sufficient supply of land, achievement of plan targets and choice and competition it is not justified to have phasing policies in the SAP at this stage.</p>

MM2	Page 19 Paras 2.26 2.28 2.29	<p>Revise paragraph 2.26 as follows:</p> <p>“The Core Strategy Policy SP6 (<u>as updated by the Core Strategy Selective Review</u>) identifies the need for the provision of 74,000 <u>51,952</u>(<u>gross net</u>) homes between <u>2017</u> and <u>2033 with</u>–Policy H4 <u>SP6</u> clarifies that at least 500 dwellings per year are anticipated to be delivered on smaller windfall sites – totalling 8,000 homes during the plan period. This leaves a residual gross <u>net</u> requirement of 66,000 <u>46,352</u> homes which is to be allocated in the Site Allocations Plan. <u>Based on the adopted housing target to 2033, the SAP is required to allocate sites for 31,867 new homes up to 2028. The SAP plan period is up to 2028.</u>The Core Strategy policies which affect site allocations for housing directly are: Spatial Policies 1, 6, 7, and 10 and Policies H1, H2, H3, H4, H7 and H8. In terms of the overall housing target and spatial approach, Core Strategy Spatial Policies 6, 7 and 10 apply.”</p> <p>Revise paragraph 2.28 as follows:</p> <p>“The Site Allocations Plan does not <u>meets</u> all of the Core Strategy requirement between 2012 and 2028. To do so would require the release of significant amounts of Green Belt land. Only those sites necessary to make housing provision for years 1 to 11 (2012-2023) of the current plan period (2012-28) are released from the Green Belt. Non-Green Belt allocated and identified sites can make provision for housing for years 1 to 16. In doing this the Council ensures that annual Core Strategy housing requirements can readily be achieved up to 2023 and that there is choice and competition in the market for land throughout the City with a degree of flexibility. To that end, there are exceptional circumstances to justify the release of land from the Green Belt to meet housing needs up to 2023 only. <u>To that end there are no exceptional circumstances to justify the release of land from the Green Belt to meet housing needs up to 2028.</u></p> <p>Revise paragraph 2.29 as follows:</p> <p>“As part of this strategic approach to meeting housing needs whilst ensuring that only minimal releases of land be made from the Green Belt, the Council is committing to a review of the Plan <u>following adoption of</u> when the Core Strategy Selective Review is Adopted and a new housing requirement is established for the City <u>and in accordance with Policy HGR1</u>. At that time, the Council shall consider whether there is a need for further housing allocations and whether there are exceptional circumstances for any further release of Green Belt land to meet the up to date housing requirements of the City. This will require the submission of a Site Allocations Plan Review no later than 31st December 2021 to the Secretary of State, in line with the Council’s Local Development Scheme. Policy ‘Housing Review 1’ (HGR1) sets out the Council’s commitment to this review”</p>

		<p>Revise paragraph 2.31 as follows:</p> <p>“The +/- performance against indicative HMCA targets up to 2028 is shown in Table 1. The greatest differences between Policy SP7 HMCA targets and allocated capacity are in the <u>outer area HMCAs with Green Belt boundaries. Given that the overall housing requirement has been met through non-Green Belt land, there are no exceptional circumstances to justify the release of land from the Green Belt to meet housing needs up to 2028.</u> There is a clear need for new housing in the District and a significant requirement is established in the Core Strategy. Therefore, over the plan period, the strategy and the benefits of building new homes in Leeds would be undermined if either the stock of existing housing were to reduce (except for regeneration schemes where housing may be redesigned to a better overall quality design) or sites allocated for housing were to be taken up by other uses. Therefore the Council’s starting point is to protect existing housing in the District and to ensure that allocated housing sites are utilised prior to the release of other land.”</p>
MM4	Page 21 Para 2.32	<p>Delete para 2.32 and replace as follows:</p> <p><u>Table 1 set out in the 2019 adopted Plan provided the supply position to a base date of 1 April 2016. For the Plan Remittal examination in 2021, the evidence base for the supply of housing land across Leeds was updated to a base date of 1st April 2020. The updated evidence reflected new large windfall housing sites with an extant planning permission and updates to HG1 identified and HG2 allocated sites, where planning permission had been granted. This is shown in Table 1 and the Leeds housing land supply for the Plan Period comprises 21,615 dwellings on identified (HG1) sites, 16,537 dwellings on SAP allocated (HG2) sites and 4,983 dwellings on new “Large Windfall” sites. The total supply is 43,135 which provides 11,268 more dwellings than the Core Strategy Selective Review requirement to 2028. On that basis, the Green Belt sites which had formerly been allocated as HG2, but subject to the Plan Remittal examination, have been deleted from the plan. The performance of this overall supply against Policy SP7 (distribution by individual HMCA) is shown in the final column of Table 1. This shows that it has been possible to identify more supply in the City Centre and Inner Areas of Leeds than was envisaged at the time the Core Strategy Policy SP7 was adopted. This oversupply in these areas is consistent with wider policies of the Core Strategy and helps avoid release of Green Belt land to meet housing requirements. This is in line with the Core Strategy ambition, to make least impact on the Green Belt, as set out in Policy SP6 (iii), and deliver sites in accessible locations on previously developed land, and national policy, which attaches great importance to the Green Belt and only envisages altering Green Belt boundaries in exceptional circumstances.</u></p>

MM5	Page 22 Para 2.34	Revise paragraph 2.34 as follows: “Housing Allocations The Assessment Process The assessment process, carried out on an individual HMCA basis, has considered the Core Strategy approach, the relationship of the site to the settlement hierarchy, whether brownfield or greenfield, the more preferable sites to release in Green Belt review terms up to 2023 (those having least effect on the five Green Belt purposes), site attributes – whether it can be developed physically, considering comments from infrastructure providers, local views from the representations received through public consultation and ward members, as well as the findings of the sustainability assessment of sites. It is a combination of all these factors that have led to the suite of allocations in each area”

<u>Other Rural</u>	<u>Extension</u>	<u>6</u>	<u>193</u>
<u>Other Rural</u>	<u>Other</u>	<u>3</u>	<u>48</u>

MM7	Page 23 Para 2.36 Table 3	<p>Revise paragraph 2.36 as follows:</p> <p>“Brownfield/Greenfield Mix Government policy does not insist that previously developed land, known as brownfield land, has to be developed and exhausted before any development on greenfield land can take place. Furthermore, the capacity of allocated sites on brownfield land totals 32,798 (see Table 3), which falls short of the allocations required up to 2028, so we need to allocate greenfield sites for housing as well. However, the 2012 NPPF sets out 12 core planning principles of which one is to encourage the effective use of land by reusing land that has been previously developed (brownfield land), provided that it is not of high environmental value, and Core Strategy Policy H1 includes previously developed land and buildings within the Main Urban Area or settlement as a priority for identifying land for development. As indicated in paragraph 2.26 the Core Strategy also includes a windfall allowance of 8,000 dwellings over the plan period. It is anticipated that the great majority, if not all windfall sites will be on brownfield land. When this is taken into account the overall balance for development is 6059% brownfield and 4041% greenfield, <u>which for brownfield land is in excess of the target set out in the</u> Core Strategy. Core Strategy policy H1 sets a target of 65% of development on previously developed land for the first 5 years of the plan (2012 – 2017) and 55% thereafter.”</p>
-----	---	--

Para 2.36, Revise Table 3 as follows:

Replace existing table below:

Table 3: Greenfield/brownfield split across HMCA's

HMCA	Greenfield capacity	Brownfield capacity	% greenfield	% brownfield
Aireborough	651	866	43	57
City Centre	195	11,443	2	98
East Leeds	8,009	1,680	83	17
Inner Area	1,366	11,546	11	89
North	1,362	3,775	27	73

<u>Outer West</u>	<u>812</u>	<u>1,561</u>	<u>34%</u>	<u>66%</u>
<u>Total</u>	<u>10,337</u>	<u>32,798</u>	<u>41%</u>	<u>59%</u>

MM8	Page 24 Para 2.37	<p>Revise paragraph 2.37 as follows:</p> <p>“Green Belt Review Consistent with national guidance, Green Belt boundaries should only be altered in exceptional circumstances, through the preparation or review of the Local Plan. The Core Strategy sets the context for a Green Belt review in Spatial Policy SP10. An assessment of sites against the purposes of Green Belts as set out in the 2012 NPPF has been carried out on all sites within the previous Green Belt (i.e. as identified in the UDP). This assessment of sites has enabled those sites with the least harm on Green Belt purposes to be proposed for allocation, although this inevitably varies to reflect the needs and characteristics of the area concerned. Land is removed from the Green Belt as a consequence of proposing allocations within it and the revised Green Belt boundary is shown on the plans for each HMCA and the Policies Map. The aim has been to make the minimum changes to Green Belt boundaries necessary to deliver the Core Strategy targets to 2023 2028. However, the Green Belt Review is just one factor in the overall allocation assessment process, as outlined in paragraph 2.34 above. <u>As a result of the Plan Remittal, no housing sites are allocated on Green Belt land. See Paragraph 2.88 in relation to employment allocations and the Green Belt Review.</u>”</p>
MM9	Page 29 Para 2.55	<p>Revise paragraph 2.55 as follows:</p> <p>“Windfall Windfall development is development on a site which has not been specifically identified as available in the Local Plan. The 2012 NPPF refers to these as Windfall Sites. Core Strategy policy H2 concerns windfall development, or housing development not included in the definition of windfall development. As befits its nature and character Leeds has a considerable flow of unidentified previously developed land and properties year on year. There are a number of sources of windfall:</p> <ul style="list-style-type: none"> • The Core Strategy makes an allowance of 500 units per annum to come forward as smaller windfall that fall below the SHLAA threshold ², ie 8,000 of the 74,000 51,952 gross net units required will be delivered via windfall, leaving 66,000 46,352 to be allocated in the Local Plan. • There is also a steady stream of larger windfall which whilst not reducing the allocated land total will be taken account of through the SHLAA and the decision taking process and reflected in the five year land supply. • The Council also has a steady stream of long term empty properties returning to use each year. These are similarly reflected in the Authority Monitoring Report (AMR) and Five Year Supply calculation.”

MM10

Page 38

Para
2.82

Revise paragraph 2.82 and the table below as follows:

“The table below sets out the overall employment provision (office and general employment) across Leeds against the Core Strategy target. **The table set out in the 2019 adopted Plan provided the supply position to a base date of 1 April 2016. At the SAP Remittal examination, the evidence base for the supply of general employment land across Leeds was updated to a base date of 31 December 2021. The updated evidence reflected new windfall employment sites with an extant planning permission and losses of identified/ allocation employment sites to non-employment use (across the district) and amendments to the Safeguarded Direction boundary associated with the HS2 scheme (within the Aire Valley Area Action Plan boundary only) occurring between 1 April 2016 and 31 December 2021. The revised table provides the general employment supply position at 31 December 2021 including the addition of 21.2 hectares of allocated land at Barrowby Lane, Manston (site EG2-37). The office provision figures were not updated as part of the Plan Remittal and thus reflect the position at 1 April 2016.**

	Offices (sq m)	Industry (ha)
Core Strategy Requirements	1,000,000	493
Contribution from Aire Valley <u>including NRW sites</u>	228,058	488.2- <u>176.6</u>
Identified	644,317	106
Proposed Allocations	185,653	438.63 <u>149.83</u>
<u>Net change in employment land supply since April 2016 base date (windfall sites with extant planning permission minus losses to non-employment uses)</u>	<u>N/A</u>	<u>39.87</u>
Total	1,058,028	475.45* <u>472.1</u>
Surplus/deficit	58,028	47.55 <u>-20.7</u>

(* plus 42.62ha contribution from NRW site in Aire Valley)

SECTION 3: PROPOSALS FOR THE 11 HOUSING MARKET CHARACTERISTIC AREAS

SECTION 3:1. AIREBOROUGH HOUSING MARKET CHARACTERISTIC AREA

<p>MM11</p>	<p>Page 45-46</p> <p>Para 3.1.5-3.1.7</p>	<p>Revise paragraph 3.1.5 as follows:</p> <p>Total housing target for Aireborough (set out in the Core Strategy) = 2,300 956 units (3% of District wide total).</p> <p>Revise paragraph 3.1.6 as follows:</p> <p>“Total Number of Dwellings/Capacity to be allocated: The target of 2,300 residential units does not mean that land for 2,300 new units is newly allocated for housing. From the overall total, existing allocations (previous UDP housing allocations not developed), planning permissions expired since 31.3.12 and planning permissions with units still remaining to be built since 31.3.12 (the base date of the Plan) have been deducted. The SAP Plan Remittal required that the position on housing land supply be updated against the revised Core Strategy requirement from 1 April 2017 to 31 March 2028. Table 1 at paragraph 2.30 illustrates that there were 695 new homes completed in Aireborough between 1 April 2012 and 2017 with 357 dwellings remaining on identified and allocated sites. A further 106 dwellings have been approved on large windfall sites, which provides a total of 463 dwellings. Previous UDP allocations not developed (saved UDP sites) are listed in Policy HG1 below, where applicable. Identified sites with planning permission or expired permission are listed in Annex 1. These three categories of identified sites count towards the overall target. UDP sites are shown on the Policies Map.</p> <p>Revise paragraph 3.1.7 as follows:</p> <p>“The capacity from UDP sites plus those identified sites listed in Annex 1 can be deducted from the target to leave a residual for allocation for housing.</p> <p>So, the residual target is 2,300 – 965 = 1,335 units. <u>In Aireborough, identified, allocated and large windfall sites have a total capacity of 463 dwellings deliverable between 1 April 2017 and 31 March 2028, leaving a residual of -493 against the Core Strategy target for the HMCA”.</u></p>

SECTION 3:2. CITY CENTRE HOUSING MARKET CHARACTERISTIC AREA		
MM15	Page 77-78 Paras 3.2.5 -3.2.7	<p>Revise paragraph 3.2.5 as follows:</p> <p>Total housing target for City Centre (set out in the Core Strategy) = 40,200 5,099 units (16% of District wide total)</p> <p>Revise paragraph 3.2.6 as follows:</p> <p>“Total number of dwellings/capacity to be allocated: The target of 10,200 residential units does not mean that land for 10,200 new units is newly allocated for housing. From</p>

		<p>the overall total, existing allocations (previous UDP housing allocations not developed), planning permissions expired since 31.3.12 and planning permissions with units still remaining to be built since 31.3.12 (the base date of the Plan) have been deducted. <u>The Plan Remittal required that the position on housing land supply be updated against the revised Core Strategy requirement from 1 April 2017 to 31 March 2028. Table 1 at paragraph 2.30 illustrates that there were 968 new homes completed in the City Centre between 1 April 2012 and 2017 with 11,159 dwellings remaining on identified and allocated sites. A further 2,504 dwellings have been approved on large windfall sites, which provides a total of 13,663 dwellings.</u> Previous UDP allocations not developed (saved UDP sites) are listed in Policy HG1 below, where applicable. Identified sites with planning permission or expired permission are listed in Annex 1. These three categories of identified sites count towards the overall target. UDP sites are shown on the Policies Map. Part of the City Centre HMCA overlaps with the Aire Valley Leeds Area Action Plan area which is advancing its own housing allocations. These total 457 dwellings in identified sites and 2812 in proposed allocations.”</p> <p>Revise paragraph 3.2.7 as follows:</p> <p>“The housing contribution from the Aire Valley Leeds Area Action Plan can be deducted from the City Centre target: 10,200 – 3,269 (457 + 2,812) = 6,931.</p> <p>The capacity from UDP sites plus those identified sites listed in Annex 1 can be deducted from the target to leave a residual for allocation for housing.</p> <p>So, the residual target is 6,931 – 4,802 = 2,129 units.</p> <p><u>In the City Centre, identified, allocated and large windfall sites have a total capacity of 13,663 dwellings deliverable between 1 April 2017 and 31 March 2028, leaving a residual of +8,564 against the Core Strategy target for the HMCA.”</u></p>
SECTION 3:3. EAST HOUSING MARKET CHARACTERISTIC AREA		
MM16	Page 146 – 147	Revise paragraph 3.3.5 as follows:

Para
3.3.5-3.3.7

“Total housing target for East Leeds (set out in the Core Strategy) = 11,400 **5,417** units (17% of District wide total).”

Revise paragraph 3.3.6 as follows:

“Total number of dwellings/ capacity to be allocated:

~~The target of 11,400 residential units does not mean that land for 11,400 new units is newly allocated for housing. From the overall total, existing allocations (previous UDP housing allocations not developed), planning permissions expired since 31.3.12 and planning permissions with units still remaining to be built since 31.3.12 (the base date of the Plan) have been deducted. The Plan Remittal required that the position on housing land supply be updated against the revised Core Strategy requirement from 1 April 2017 to 31 March 2028. Table 1 at paragraph 2.30 illustrates that there were 859 new homes completed in East between 1 April 2012 and 2017 with 4,487 dwellings remaining on identified and allocated sites. A further 240 dwellings have been approved on large windfall sites, which provides a total of 4,727 dwellings.~~ Previous UDP allocations not developed (saved UDP sites) are listed in Policy HG1 below, where applicable. Identified sites with planning permission or expired permission are listed in Annex 1. These three categories of identified sites count towards the overall target. UDP sites are shown on the Policies Map.”

Revise paragraph 3.3.7 as follows:

~~“The housing contribution from the Aire Valley Leeds Area Action Plan can be deducted from the East Leeds target: 11,400 – 2,631(11+2620) = 8,769.~~

~~The capacity from UDP sites plus those identified sites listed in Annex 1 can be deducted from the target to leave a residual for allocation for housing.~~

~~So, the residual target is 8,769 – 6,122 = 2,647 units. **In East, identified, allocated and large windfall sites have a total capacity of 4,727 dwellings deliverable between 1 April 2017 and 31 March 2028, leaving a residual of -690 against the Core Strategy target for the HMCA.**~~”

Annex 1 (MM20) SITE SCHEDULE FOR EG2-37

Site Reference: EG2-37 (2086)

Site Address: Barrowby Lane, Manston LS15

General employment allocation

Site Capacity: 21.2 hectares

Site Area: 21.2 hectares

Ward: Temple Newsam

HMCA: East Leeds

Site Requirements - EG2-37 - Barrowby Lane, Manston LS15

- **Highway Access to Site:**

A suitable vehicular access is required from the Manston Lane Link Road and safe pedestrian/cycle infrastructure will be required to connect the site with the wider network and Thorpe Park.

- **Local Highway Network:**

The site will have a direct impact upon Manston Lane Link Road (MLLR) and M1 Jn 46 and mitigating measures will be required. This may take the form of a contribution towards the cost of future works on MLLR, in line with the proposals for East Leeds Orbital Road, together with a contribution to works at Jn 46 in line with the requirements of Highways England.

- **Listed Buildings:**

The site is in the setting of a Listed Building. Any development should preserve the special architectural or historic interest of Listed Buildings and their setting.

- **Scheduled Ancient Monuments (I & II):**

This area lies close to the site of the former World War I National Filling Factory at Barnbow. This is a Scheduled Monument. Any development should safeguard those elements which contribute to the significance of this area.
